## **DETAILED ACTION**

### ***Specification***

1. The abstract and the title have been amended as Applicant's Remarks filed March 28, 2005. No new matter has been added by these amendments.

### **Reason for allowance**

2. The following is an examiner's statement of reason for allowance: the prior art of record, either singularly or in combination, does not disclose or suggest anisotropically etching the deposited magnetic metal liner material leaving the magnetic metal liner material over the first liner material on edges of the trench so that the magnetic metal liner extends to and physically contacts the bottom of the trench, as instantly claimed and in combination with the remaining elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

Art Unit: 2818
